

# Getting to know

---

## Why join the States vision plan?

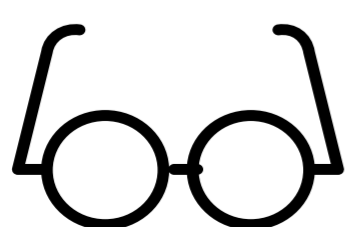

- Access to hundreds of providers across South Dakota
- An annual in-network vision exam with a \$10 copay
- Savings on glasses and contacts
- Discounts on extra pairs of glasses, non-prescription glasses, laser vision correction, and more
- Simple and easy online claims filing
- Free EyeMed App for your phone that includes your vision card and plan information

### No in-network provider within 20 miles? No problem!

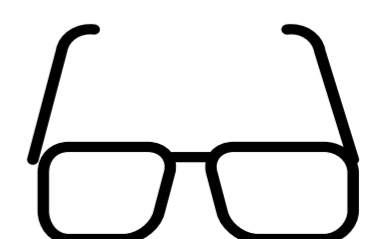

- Complete the Network Adequacy section on the out-of-network claim form, and you will be reimbursed as if you had visited an in-network provider for your exam. The 20-mile rule applies to glasses and contacts too.
- If you would have to wait more than two weeks to have an appointment with in-network providers within 20 miles, you can go to an out-of-network provider for the in-network cost. Just fill out the Network Adequacy section of the out-of-network claim form.
