

The Continuous Performance Communications (CPC) Check-in form should be completed following the check-in meeting with your employee. A CPC Check-in preparation tool can be found: <https://bhr.sd.gov/files/CPCCheckInPrepDoc.pdf>. It is suggested you use the preparation tool to write out your check-in information so you can be prepared for what you are going to discuss with your employee. The CPC check-in form cannot be saved and returned to later for additional comments while meeting with your employee. Once you meet with your employee and have everything written out, simply copy/paste in the online form. This practice will also guarantee you do not get timed out entering data on the actual check-in form.

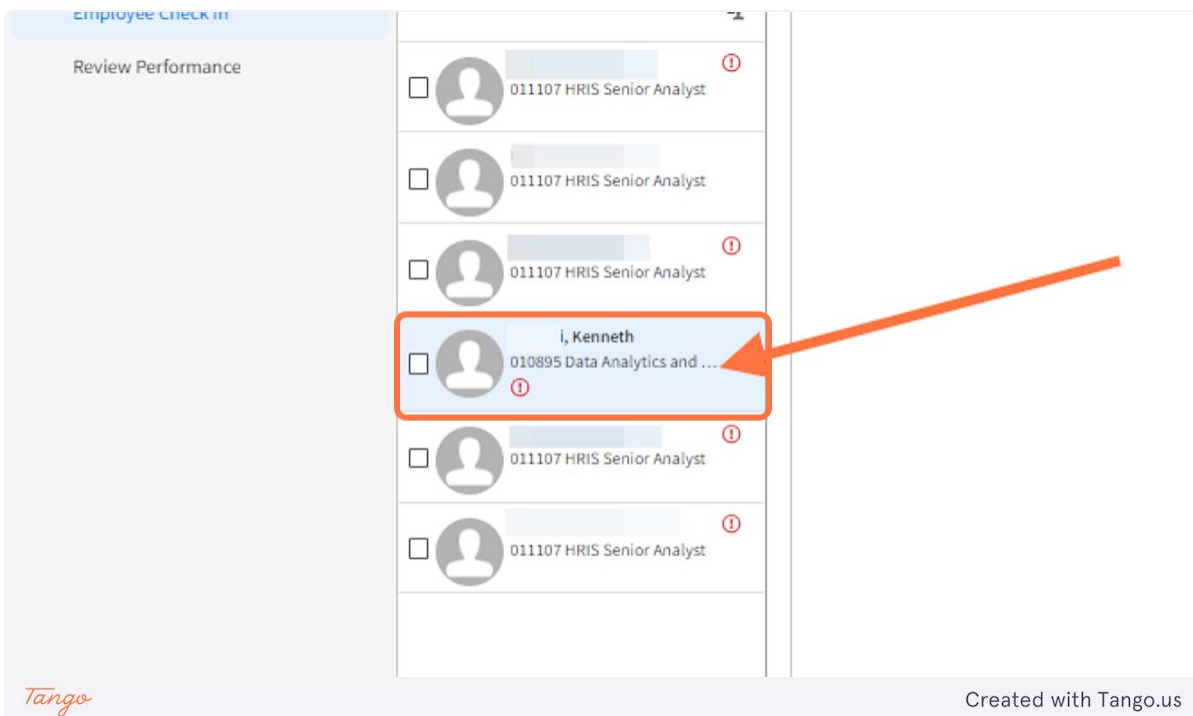

1. In Manager Space click on Manager

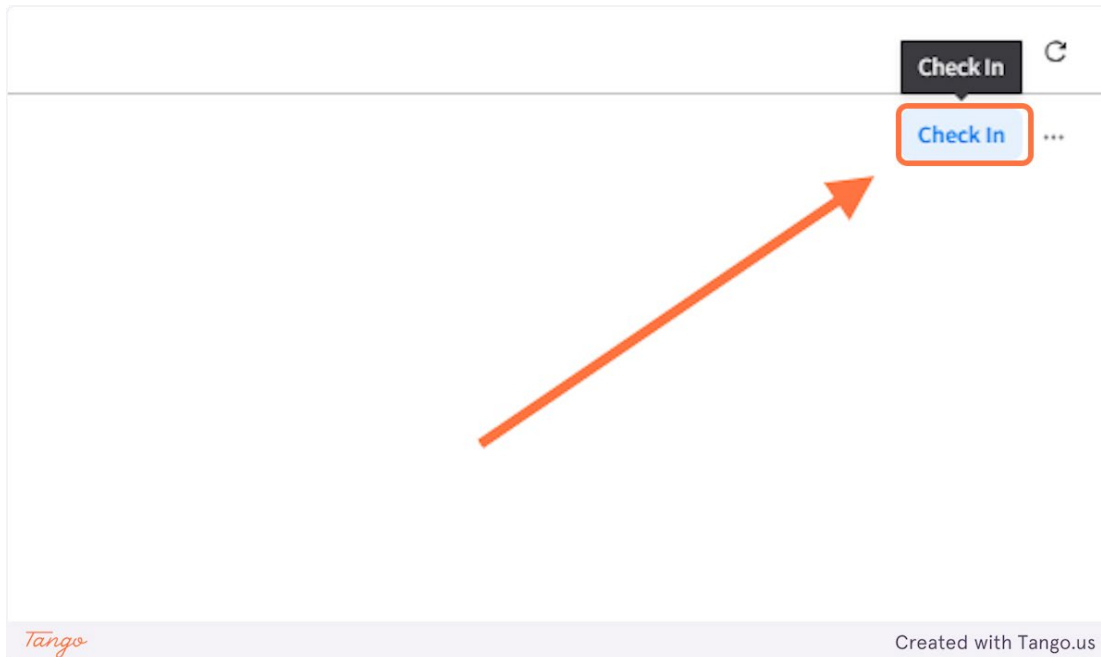

2. Click on Employee Check-in.

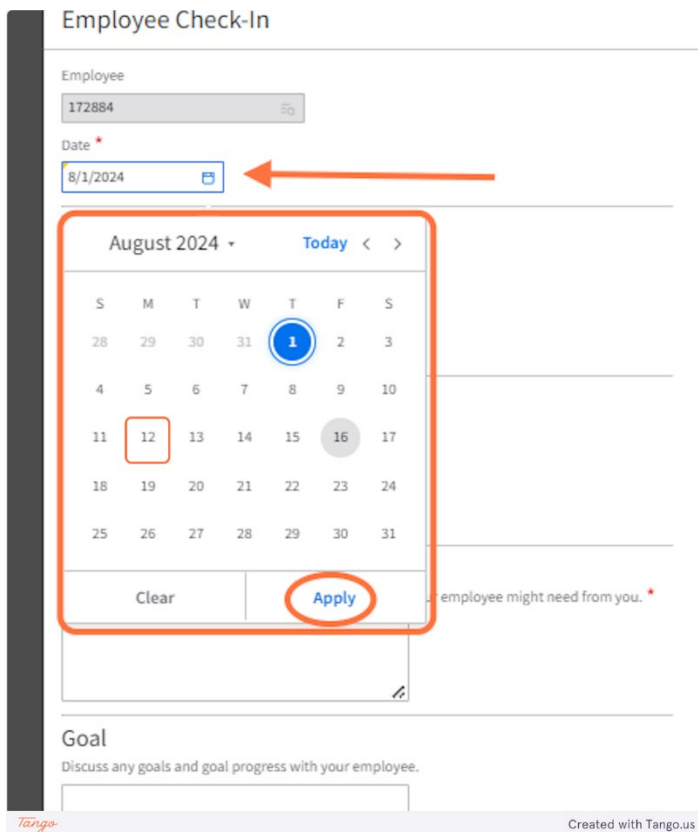

3. Click on the Employee you will be doing the check-in for.

4. Click on Check-in in the top right-hand corner.

5. You will need to enter the date you had the conversation with the employee. You can backdate this. It will default to the current date unless you change it. This cannot be fixed on the back end. You will need to delete and re-do the check-in if the date is incorrect. *For this example, we will be choosing 8/12/2024.* When you have chosen the appropriate date click on the apply button.

6. Under DOING WELL, list what employee is doing well along with comments.

Check-Ins

Employee Check-In

Employee
172884

Date *

The image shows a screenshot of a web application interface for 'Employee Check-Ins'. A modal window titled 'Employee Check-In' is open, displaying a form with several sections: 'Employee' (ID: 172884), 'Date' (8/12/2024), 'Doing Well', 'Improvement', 'Support', and 'Goal'. Each section has a text input field. An orange arrow points to the 'Improvement' section, which is also highlighted with a red border. The 'Improvement' section contains the text 'List what employee can improve upon'. At the bottom of the modal are 'Cancel' and 'Submit' buttons. The background shows a dark grey sidebar with 'Check-Ins' and 'Check In' buttons.

8. Under SUPPORT, list or comment on the support the employee needs from you.

The screenshot shows a web interface for an 'Employee Check-In'. The form is titled 'Employee Check-In' and contains the following sections:

- Employee:** A dropdown menu showing '172884'.
- Date:** A date picker showing '8/12/2024'.
- Doing Well:** A section with the prompt 'Discuss what your employee is doing well.' and a text area containing 'List what employee is doing well'.
- Improvement:** A section with the prompt 'Discuss what your employee could improve upon.' and a text area containing 'List what employee can improve upon'.
- Support:** A section with the prompt 'Discuss what help, support, and training/development your employee might need from you.' and a text area containing 'list the support the employee needs from you'. This section is highlighted with a red rectangular box, and a red arrow points to the text inside.
- Goal:** A section with the prompt 'Discuss any goals and goal progress with your employee.' and an empty text area.

At the bottom of the form are two buttons: 'Cancel' and 'Submit'.

9. Under GOAL, list or comment on any goals with your employee.

The image shows a screenshot of a web application interface for an "Employee Check-In" form. The form is white and centered on a dark grey background. It contains several sections: "Employee" with a text input field containing "172884", "Date" with a date picker set to "8/12/2024", and three sections for feedback: "Doing Well", "Improvement", and "Support", each with a text input field. The "Goal" section is at the bottom, with a text input field containing "list goal for your employee". A red arrow points from the right side of the form towards the "Goal" section. At the bottom of the form are "Cancel" and "Submit" buttons. The background shows a blurred view of the application's main interface with some text like "Ins" and "ck-Ins".

10. Once you have completed this, click on the Submit button.

Discuss what help, support, and training/development your employee might need from you. *
